Silvertown Mortgage Specialists, Inc. Opens New Intown Location

Atlanta, GA – Silvertown Mortgage Specialists, Inc., a leading Georgia residential mortgage broker, has moved to its new location at 1027 Monroe Drive NE, Suite B in Atlanta, located across from Piedmont Park at the intersection of Monroe and 10th Street. Silvertown chose the space both for the added convenience it brings to customers and in keeping with their commitment to be an active member of the intown community.

“We’ve definitely grown over the past few years,” says Josh Moffitt, company President. “Our previous location on Juniper Street served us well for several years. We are a committed part of our intown community and wanted to relocate in the vicinity. And, although we’ve grown, one thing has remained the same: our commitment to excellence in customer service that we believe sets us apart and exceeds the standards for excellence in our industry.”

Silvertown Mortgage Specialists, Inc. was founded in 1998 to provide customers with a wide range of mortgage products that larger companies offer while maintaining the one-to-one personalized service of a boutique firm. Silvertown is a service-driven company with the very best of both lending and brokerage: offering their own mortgage lines and closing department for ease and quick turnaround, and the ability to broker loans for an extensive selection of superior mortgage products.
